

**Applications:**

General industrial and HVAC applications, used in petrochemical, water process, liquid oxygen, power plant.

**Specifications:**

■	Head	Cast aluminum or stainless steel
■	Element	Type J, Type K, Type S
■	Connection	1/2" NPT, 316 Stainless Steel
■	Probe	316 Stainless Steel
■	Option	Temperature Transmitter 4-20mA output

Thermocouple  
(Alumium Head)

- Type K
- Type E
- PT 100
