

Applications:

General industrial and HVAC applications, used in petrochemical, water process, liquid oxygen and sanitary RTD used in food, dairy, beverage, pharmaceutical, etc.

Specifications:

■ Head	Cast aluminum or stainless steel, NEMA 4 rated
■ Element	Platinum, 100 Ohm
■ Temperature Range	-58F to 390F (-50C to 200C)
■ Pressure Rating	500 psi (3,447 kPa maximum)
■ Connection	1/2" NPT, 316 Stainless Steel
■ Accuracy	+/-0.12% at 0C, 32F
■ Probe	316 Stainless Steel
■ Option	Temperature Transmitter 4-20mA output

RTD
(Alumium Head)

Type K
Type E
PT 100
